

Thank you for supporting small-farmed products from the *Swiss Villa* LLC, supply farmers. Here are some noteworthy standards that we require in our production that you might consider valuable to consider when choosing your morning omelet-egg supply.

And from *Swiss Villa* LLC, we hope you can continue to select our brand and support our farmers and their families. Enjoy eggs from sun-bathed, grass-fed, healthy hens!

Less than 350 hens per acre

Daily freedom outdoors
*from mid-March
to early December*

No molting

**Outside dust bathing
areas**

Outside shade areas

Outside watering during summer

Ample nesting area

Eggs gathered twice daily

Roosts for nighttime sleeping

**Multiple wide openings on shelters
to allow and encourage outdoor activities**

No synthetic fertilizers on pastures

**Managed grass land
for proper land care
and fresh foliage for hens**

We want to kindly thank you for asking for these eggs from your grocer. If he does not currently stock them, he should contact us. Our website is:

swissvillaeggs.com

Swiss Villa Eggs

*Eggs you can feel good about.
Hens that are happily foraging.
Farmers preserving small farm values.
And you, insisting on *Swiss Villa Eggs*!*

**Freer than cage free.
Fresher air than organic.**

While this hoop-style building offers shelter and protection for the chickens, it gives a well lighted atmosphere and plenty of room per hen.

We dedicate at least 2 square foot per hen in-doors along with at least 100 square foot per bird outdoors.
